Dear Mr. Collins:

In acknowledgement of your letter of April 20, we regret that we cannot take part in your 1949 M.R.A.C. QSO program.

Because of our commitments with EP & EM, we are not allowed to make direct contributions to prizes for amateur conventions or contributions to prizes through advertising.

However, we appreciate your interest in Amphenol and hope that your program is a success.

Very truly yours,

Reinold S. Boldt
